

June 20, 1957

The Honorable Henry M. Jackson  
United States Senate  
Washington 25, D. C.

Dear Senator Jackson:

As you requested during the intelligence presentation on 19 June, I am enclosing information on the electric power capacity of the Soviet Union. These data contain estimates of present capacity and projections for 1962. In addition, we have listed the major hydroelectric developments currently under way or planned for the near future.

I hope this material will answer your questions.

Sincerely,

151

Robert Amory, Jr.
